

Port of Bridgwater
NOTICES TO MARINERS
No 8 of 2016

River Brue – Works on Pontoons
Lights extinguished.

Mariners are advised that works have commenced to replace a number of pontoons at Burnham Motor Boat and Sailing Club on the River Brue.

To facilitate the works power supplies to the middle and downstream navigation lights have been disconnected and will be reconnected on completion.

The downstream (Western) 2 x FR vert. and middle 2 x FR vert. are, therefore, extinguished and will be for the duration of works.

Works are expected to be completed sometime in March/April 2017. A further notice will be issued when works are complete and the lights are operational.

All Mariners are advised to navigate with particular caution on the River Brue in the vicinity of the pontoons.

All Bridgwater Notices to Mariners are available on the website at:
